

# Test Plan Document

## 1. Introduction

This document outlines the test plan for the project. It defines the scope, approach, resources, and schedule of testing activities to ensure the delivery of a quality product.

## 2. Objectives

- Validate that the application meets business and technical requirements.
- Identify defects and ensure their resolution.
- Ensure application performance, usability, and security.

## 3. Scope of Testing

In Scope:

- Functional testing
- Regression testing
- UI testing
- API testing

Out of Scope:

- Performance testing
- 3rd-party integrations

## 4. Test Strategy

Test Types:

- Manual, Automation, Integration, UAT

Test Levels:

- Unit, Integration, System, Acceptance

## 5. Test Environment

Staging Environment with tools like Jira, Robot Framework, GitHub Actions, etc.

## 6. Test Data

# Test Plan Document

Dummy users, mock transaction records, configurable test files

## 7. Entry and Exit Criteria

Entry:

- Dev complete
- Env ready
- Test cases approved

Exit:

- Critical cases passed
- No critical bugs
- Test report shared

## 8. Schedule

| Activity              | Start Date  | End Date    | Owner         |
|-----------------------|-------------|-------------|---------------|
| Test Planning         | 01-Jul-2025 | 02-Jul-2025 | QA Lead       |
| Test Case Preparation | 03-Jul-2025 | 06-Jul-2025 | QA Engineers  |
| Test Execution        | 07-Jul-2025 | 14-Jul-2025 | QA Team       |
| UAT                   | 15-Jul-2025 | 17-Jul-2025 | Business Team |
| Report & Closure      | 18-Jul-2025 | 19-Jul-2025 | QA Lead       |

## 9. Risks and Mitigation

| Risk                    | Mitigation Plan                |
|-------------------------|--------------------------------|
| Delayed env setup       | Have a backup local test setup |
| Requirement changes     | Buffer time in schedule        |
| Resource unavailability | Cross-train within QA team     |

## 10. Approval

| Name            | Role            | Signature | Date        |
|-----------------|-----------------|-----------|-------------|
| Saurav Tuladhar | QA Lead         |           | 02-Jul-2025 |
| [Manager Name]  | Project Manager |           | 02-Jul-2025 |
